

Age of Miniatures Colour Theory Template Workbook

Use this workbook to create your own colour wheel and palette from your available paint sets. When you get new paints, experiment again to see the range of hues of varying saturation, brightness or dullness, lightness or darkness, tint, shade, tone, etc. that you can create.

Colour Wheel

--	--	--	--

A table with four empty rectangular cells, arranged horizontally. It is intended for notes or observations related to the 'Colour Intensity' section.

Colour Intensity

Colour Bias

Tint
